

Imaging Prices

We have negotiated imaging prices with some local imaging facilities. Our negotiated prices are often 50-90% less than average imaging prices locally!

Below is a small sampling of imaging prices that we have negotiated. We have a complete price list for imaging procedures, but wanted to give you examples of how much money can be saved on imaging through your membership at Neighbors Med! If there are other imaging procedures you are considering, please ask so we can give you pricing.
