

Lab Pricing

We offer labs at wholesale pricing. We have negotiated these prices with a local lab and prices for our members are typically 50-85% less than at other outpatient offices. The discount is much more than when compared to hospital pricing.

Below is a small sampling of common labs that we use. We offer many more labs at wholesale prices, so please ask if there is a specific test you do not see.

test	NM price	average price
complete blood count	\$3.95	\$16.26
urine culture	\$8.67	\$16.65
hemoglobing A1c (for diabetes)	\$6.51	\$21.06
prostate specfic antigen (PSA)	\$12.61	\$33.43
thyroid-stimulating hormone (TSH)	\$5.00	\$36.14
basic metabolic panel	\$3.20	\$18.17
comprehensive metabolic panel	\$3.99	\$21.42
cholesterol panel	\$6.73	\$28.99
urine pregnancy	free	\$12.10
rapid strep test	free	\$23.33
blood glucose	free	\$9.09
vitamin D	\$29.83	\$62.62
